

Today's movies

not yesterday's!

Junior's fantastic new world has nothing on yours when you leave screen-bound home movie techniques and STEP INTO OUTER SPACE WITH BOLEX STEREO!

Bolex 16mm stereo dispenses with your concern for an *illusion* of depth. Because its twin-lens system sees as your eyes see, depth is actually *there . . . in black and white or brilliant color* . . . at the press of a button.

Just as a great painting discovers magic in the commonplace . . . so does the intimate realism of a Bolex 3-D movie screen "play back" your vacations, sports, parties, family biography . . . with a richness of detail and association impossible to appreciate except as exciting rediscoveries.

Treat yourself to the rewarding and varied new 16mm movie experiences of Bolex stereo with superb Kern-Paillard optics that assure your enjoyment to the fullest degree of perfection.

Yes, Junior has a point, there. Why be satisfied with yesterday's movies when today's . . . and tomorrow's movies . . . are here!

Bolex owners . . . receive regular free mailings of Bolex Reporter by registering serial numbers. Offer applies only to residents of U.S.A. Overseas subscriptions, $2.00 four issues.
